AFRICAN AND AFRICAN AMERICAN STUDIES

African and African American studies is an interdisciplinary program that focuses on people of African descent throughout the world and the diversity of past and present experiences of those who live in Africa, Central America, South America, the Caribbean, and the United States. The program is structured to combine knowledge of the African diaspora with intellectual and practical training in specific areas to create more effective communities and global partnerships, and prepare students of all ethnicities to better understand, value and more effectively participate in our increasingly diverse society.
