COLLEGE OF LIBERAL ARTS AND SCIENCES – Science & Society Requirement

Students pursuing Bachelor of Science in Justice Studies must complete the College of Liberal Arts and Sciences Science and Society requirement following the guidelines specified below with a grade of “C” (2.00) or higher in each course. Course listings and additional information about the requirement are available at

<https://clas.asu.edu/resources/science-society>

CHECKLIST:

The following checklist provides students with a guide* and should be used in consultation with requirement information available on the Science and Society website.

- Lower or Upper Division
- Upper Division
- Course Placement Online
- Check DARS Placement

*This checklist is provided for student use and will not be completed by your advisor.

- You must take at least 6 credit hours; At least one course must be upper division (300-499).
- Only ONE course may be used to meet the major requirements, related fields, or minor requirements; otherwise, courses taken to fulfill this requirement cannot be used to fulfill other requirements in the major, related fields in the major, minor or the University General Studies, except the literacy and critical inquiry (L) and the awareness areas (C, G, H).
- To qualify the course must be taken under the same course title as listed on this checklist. Note that omnibus courses numbered 194, 294, 394, 494 and special topic courses change titles and not all titles have been approved; these titles are usually taught by a single faculty person, thus we have included their names to make identification of these courses easier.
- If an instructor is specified you must take the course with that instructor to earn credit, whether the course is an omnibus course or not. If no instructor is specified than any ASU instructor qualifies.
